

Discount Group	Series	Description	Substrate	Coating	Page
E	3862	UNI PRO XL ball nose end mills (4-fluted)	Carbide	Super-A™	254
E	3863	GF 500 T HSC long length profile cutters with Torus form, metric	Carbide	TiAlN	255
E	3864	UNI PRO long length ball nose end mills (4-fluted)	Carbide	Super-A™	255
E	3865	GF 500 T HSC long length profile cutters with Torus form, metric	Carbide	TiAlN	255
E	3866	GF 500 B HSC long length ball nose profile cutters, metric	Carbide	TiAlN	255
E	3867	DL 100 X2 standard length PCD high performance end mill	Carbide	Bright	255
E	3868	UNI PRO standard length end mills (3-fluted)	Carbide	Super-A™	255
E	3869	UNI PRO XL end mills (3-fluted)	Carbide	Super-A™	255
E	3870	DL 100 X2 standard length PCD high performance end mill	Carbide	Bright	255
EU	3871	RF 100 U long length variable helix end mills for materials < 54 HRC, metric	Carbide	FIREX®	255
EU	3872	RF 100 U standard length variable helix end mills w/corner radius for materials < 54 HRC, metric	Carbide	FIREX®	255
EU	3873	RF 100 U standard length variable helix end mills w/corner radius for materials < 54 HRC, metric	Carbide	FIREX®	255
E	3874	ALUMI-TECH standard length end mills (2-fluted)	Carbide	Super-A™	256
E	3875	ALUMI-TECH long length end mills (2-fluted)	Carbide	Super-A™	256
E	3876	RF 100 Ti standard length variable helix end mills, corner radius, for titanium alloys	Carbide	Super-A™	256
E	3877	ALUMI-TECH / GA 200 A standard length end mills (3-fluted)	Carbide	Super-A™	256
E	3884	ROUGH-TECH ALU / GS 100 A standard length end mills, coarse tooth	Carbide	Super-A™	256
E	3885	RF 100 VA/NF long length variable helix roughing/finishing end mills for stainless steels, metric	Carbide	nano-A™	256
E	3886	ROUGH-TECH 48 / GS 100 U standard length end mills, fine tooth	Carbide	Super-A™	256
E	3887	AERO-ROUGH 48 / RS 100 U standard length end mills, metric	Carbide	FIREX®	256
E	3888	AERO-ROUGH 56 / RS 100 F standard length end mills, metric	Carbide	FIREX®	256
E	3889	AERO-ROUGH 56 / RS 100 F standard length end mills, metric	Carbide	FIREX®	256
E	3890	AERO-ROUGH 56 / RS 100 F standard length end mills, metric	Carbide	FIREX®	256
EU	3891	RF 100 U 3-flute standard length variable helix end mills for materials < 54 HRC, metric	Carbide	FIREX®	256
EU	3892	RF 100 U 3-flute standard length variable helix end mills for materials < 54 HRC, metric	Carbide	FIREX®	256
EU	3893	RF 100 U 3-flute standard OAL/stub flute lgth variable helix end mills for materials < 54 HRC, metric	Carbide	FIREX®	257
EU	3894	RF 100 U 3-flute standard OAL/stub flute lgth variable helix end mills for materials < 54 HRC, metric	Carbide	FIREX®	257
E	3895	RF 100 H standard length variable helix end mills for hardened steels up to 60 HRC, metric	Carbide	TiAlN	257
E	3896	RF 100 H standard length variable helix end mills for hardened steels up to 60 HRC, metric	Carbide	TiAlN	257
E	3897	RF 100 SF long length 5-flute variable helix end mills for materials < 54 HRC, metric	Carbide	FIREX®	257
E	3898	RF 100 SF long length 5-flute variable helix end mills for materials < 54 HRC, metric	Carbide	FIREX®	257
EU	4250	RF 100 U, long length, 4-flute variable helix end mills, FIREX®	Carbide	FIREX®	257
EU	4251	RF 100 U, extra long length, 4-flute variable helix square end mills, FIREX®	Carbide	FIREX®	257
EU	4252	RF 100 U, HA Shank, extra long length, 4-flute variable helix square end mills, FIREX®	Carbide	FIREX®	257
EU	4253	RF 100 U, HB Shank, extra long length, 4-flute variable helix square end mills, FIREX®	Carbide	FIREX®	257
EU	4254	RF 100 U, carbide, HA shank, variable helix, standard length, square end mill	Carbide	FIREX®	257
E	4255	RF 100 U, carbide, HA shank, variable helix, standard length, square end mill	Carbide	FIREX®	257
E	4256	RF 100 U/HF, carbide, HA shank, variable helix, rougher, long length, square end mill	Carbide	FIREX®	257
E	4257	RF 100 VA, carbide, HB shank, variable helix, stub length, square end mill	Carbide	TiAlN nano-A	258
E	4258	RF 100 VA, carbide, HB shank, variable helix, long length, square end mill	Carbide	TiAlN nano-A	258
E	4259	RF 100 VA, carbide, HA shank, variable helix, extra long length, square end mill	Carbide	TiAlN nano-A	258
E	4260	RF 100 VA, carbide, HA shank, variable helix, long length, square end mill	Carbide	TiAlN nano-A	258
E	4261	RF 100 VA, carbide, HA shank, variable helix, standard length, ball nose end mill	Carbide	TiAlN nano-A	258
E	4262	RF 100 VA/NF, carbide, HA shank, variable helix, long length, square end mill	Carbide	TiAlN nano-A	258
E	4263	RF 100 SF, carbide, HB shank, variable helix, standard length, 5-flute, square end mill	Carbide	FIREX®	258
E	4264	RF 100 SF, carbide, HA shank, variable helix, long length, 5-flute, square end mill	Carbide	FIREX®	258
E	4265	RF 100 A, carbide, HA shank, variable helix, new point, standard length, square end mill	Carbide	Bright	258
E	4266	RF 100 A/WF, carbide, HA shank, variable helix, rougher, square end mill	Carbide	Bright	258
E	4267	Coolant fed high performance 2-fl PCD end mill for aluminum & composites, Bright	Carbide	Bright	258
E	5492	Coolant fed high performance PCD end mill for aluminum and composites	Carbide	Bright	258
E	5493	Coolant fed high performance PCD end mill for aluminum and composites	Carbide	Bright	258
E	6700	RF 100 VA, carbide, HA shank, variable helix, standard length, coolant fed, square end mill	Carbide	TiAlN nano-A	258
E	6701	RF 100 VA, carbide, HB shank, variable helix, standard length, coolant fed, square end mill	Carbide	TiAlN nano-A	258
E	6702	RF 100 A, 3-flute, carbide, HB shank, variable helix, standard length, square end mill	Carbide	Bright	259
E	6703	RF 100 A, 3-flute, carbide, HB shank, variable helix, standard length, square end mill	Carbide	Bright	259
E	6706	RF 100 U, carbide, HA shank, variable helix, stub length, square end mill	Carbide	FIREX®	259
E	6707	RF 100 VA ball, carbide, HA shank, variable helix, standard length, square end mill	Carbide	TiAlN nano-A	259
E	6708	RF 100 VA ball, carbide, HB shank, variable helix, standard length, square end mill	Carbide	TiAlN nano-A	259
E	6709	RF 100 S/F, 5-flute, carbide, HA shank, variable-flute, standard length, square end mill	Carbide	FIREX®	259
E	6710	RF 100 S/F, 5-flute, carbide, HB shank, variable-flute, standard length, square end mill	Carbide	FIREX®	259
