

HPC milling cutters

Special tooling for customer applications

Example 3:

Version with aluminum intermediate plate (weight reduction!)
Diameter 315 mm, no. of cutting edges = 21, HSK 80-C
Weight: 18 kg

Application:
Face milling of a valve plate on a special purpose machine

Example 4:

Version with cartridges, axially and radially adjustable
Diameter 400 mm, no. of cutting edges = 42, HSK 100-C
Weight: 37 kg

Application:
Housing machining on a special purpose machine
